This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

LIBER LIBRUM APERIT.

THE books whoſe titles appear in the following catalogue, relating ſolely to Iriſh literature, have been collected almoſt entirely within the laſt twenty years. It need ſcarcely, however, be obſerved, that they do not by any means pretend to be a perfect collection of the great number of works which have from time to time been printed on the hiſtory of the ſiſter kingdom. It is a library of a far leſs comprehenſive character, relating, in the firſt place, to Iriſh hiſtory and antiquities, together with a leſs perfect collection of authors who have written on Ireland, in illuſtration more particularly of its progreſs and improvement. Indeed, the

collector of this Iriſh library would not have committed the catalogue to the preſs, but for the opinion of more than one gentleman well verſed in the hiſtory of Ireland, who perſuaded him that it would be deſirable to do ſo, conſidering, perhaps with the too partial judgment of friends, that the library was of a ſomewhat rare and uncommon character, and deſerved therefore to be permanently remembered, even after it may have been diſperſed by the hammer of the auctioneer—a fate, however, which the owner has endeavoured to avert, by making it an heirloom in his family.

All thoſe who have had any experience in cataloguing books will, I am ſure, agree that it is no eaſy taſk to do ſo with preciſion, and will, therefore, make allowance for the writer, if he has not always ſucceeded. He has endeavoured ſimply to uſe the alphabetical order, arranging the library under the names of the authors, where they are attainable, as well as under the ſubjects to which they relate, anonymous works have, however, generally been placed

under "*Ireland;*" thoſe relating to the Church, under "*Church of Ireland;*" the Civil War tracts of the ſeventeenth century, under "*Rebellion*" and "*Revolution;*" and "*Union Tracts*" under that title. And for more complete reference, an index of names, places and ſubjects, not appearing in the primary alphabetical order, has been added; ſome notes illuſtrative of the rarer books and editions are appended; for many of theſe the writer muſt not forget to record his obligations to the Rev. Dr. Reeves, of Armagh, whoſe name, indeed, is aſſociated with almoſt every work which has of late years iſſued from the preſs in connection with the *true* hiſtory and antiquities of Ireland.

HOLY SCRIPTURES. The New Teſtament in the Iriſh Character. Sm. fol. *Dublin*, 1602.

Although it bears the date of 1602 on the title, it could not have been publiſhed till the next year, as it is dedicated to King James I. This is the very rare Editio princeps of the New Teſtament in the Iriſh character,

printed with the types provided by Queen Elizabeth at the very beginning of her reign; the firſt work printed with them was the Iriſh Catechiſm and Primer of John Kearney, printed in the year 1571. This New Teſtament was the ſecond work, and in 1608 the Book of Common Prayer, alſo in the Iriſh language. About the year 1609, the types were purchaſed from the King's printer by the Jeſuits, who ſent them to Douay, where they were uſed for a very different purpoſe from that for which they were originally deſigned. In 1678 the edition of 1602-3 was ſo rare that a copy for the purpoſe of republication was with the utmoſt difficulty found.

——— A Complete Hiſtory of Ireland, from the firſt coloniza-tion of the Iſland, to the Anglo-Norman Invaſion. (1 vol. 8vo. all printed,) *Dublin*, 1811.

This volume brings down the work only to the Chriſtian era. It is very valuable, containing the Iriſh text, and a faithful tranſlation on oppoſite pages. The Editor was William Haliday of Dublin. The life of the author, which is prefixed, is rarely found complete.

KEATING (Jeoffry). The Hiſtory of Ireland, tranſlated by J. O'Mahony. Imp. 8vo. *New York*, 1857.

This is an excellent tranſlation. The notes of this work being printed from Dr. O'Donovan's Edition of the Annals of the Four Maſters, the publiſhers of the latter, Meſſrs. Hodges and Smith, procured an injunction prohibiting the ſale of the former in the United Kingdom.

The author ſpells his name K'eogh, the K though an initial being attracted from the Mac with which the name in extenſo began. *Mac Eochadha* is the real form, which gradually became Makeogh, Mac Keogh, Keogh. This work appeared firſt in the Armagh Guardian Newſpaper. It was ſo printed that half a leaf of each paper was occupied on front and back with a portion of the Memoir, ſo that on being cut off and folded it exhibited four pages.
